FORMAT	The Girls' Four-State Matches are a team match play competition between the top 6 girls from Iowa, Kansas, Missouri and Nebraska. Each team assigns their players to a 1-6 position. Team members then compete in each match play session based on that numeric assignment, with each golfer having the opportunity to play against each of the other teams and never with the same partner. The team match play sessions on day one consist of Four-Ball and Foursomes. Singles conclude the event on the final day. Each match is worth one point, if a match is tied each team receives a 1/2 point. The team that wins the most points wins the competition.
FOUR-BALL	In Four-Ball Match Play, sides of two partners compete, with each player playing their own ball. A side's score for a hole is the lower score of the two partners on that hole. A side wins a hole in the match by completing the hole in fewer strokes (including strokes made and penalty strokes). The match is won when a side leads the opponent by more holes than remain to be played.
FOURSOMES	In Foursomes Match Play, two partners compete as a side by playing one ball in alternating order on each hole. A side wins a hole in the match by completing the hole in fewer strokes (including strokes made and penalty strokes). The match is won when a side leads the opponent by more holes than remain to be played.
SINGLES	In Singles Match Play, a player plays directly against an opponent in a head-to-head match. A player wins a hole in the match by completing the hole in fewer strokes (including strokes made and penalty strokes). The match is won when a player leads the opponent by more holes than remain to be played.
PAIRING SCHEDULE	The following schedule will be followed when creating pairings for each match play session. Team captains should submit team rosters in their desired numeric order (1-6), following the practice round. Matches will be published and announced at Monday's team dinner.
